Re: Update AmenaCore Funding

Dear Michael,

UYM Charities will fully fund AmenaCore and its associated companies as planned. As you know from my 11/6/22 update letter, Robert, my funding partner, has now fully executed and secured his "Trade Platform" account. This platform contract has a minimum guaranteed monthly payout beginning in January 2023. Additionally, the second source of funds VGC, has been moved up as well. This means that my funds will be in much sooner than anticipated, but I wanted you to have the "Guaranteed" worst case scenario. I fully expect my VGC will begin in January and the AmenaCore Funding schedule will be moved up by a few months. Since you are working on attaining bridge financing, I wanted to make sure you have the latest update and a funding schedule that shows the guaranteed worse case timeline.

AmenaCore's Current Funding allocation from UYM Charities

January 2023: AmenaCore \$50,000.00
March 2023: AmenaCore: \$200,000.00
April 2023: AmenaCore: \$300,000.00
May 2023: AmenaCore: \$1,000,000.00
June 2023: AmenaCore: \$500,000.00
July 2023: AmenaCore: \$8,000,000.00
Total 2023 Investment: \$10,050,000

Between August 2023 – January 2024: AmenaCore will receive \$10 Million Per Month.
Total Investment from 08-2023 to 01-2024 (6Mos): \$60,000.000

UYM has committed an additional 2.8 Billion in funding between February 2024 & December 2025 to fund global expansion and build out the remaining AmenaCore companies.

Our commitment to AmenaCore is to continue to execute purchase orders for goods and services as planned. All future goods and service contracts and financial arrangements will be agreed on by Michael Salit and Jeff Lewis.
